

Residential Swimming Pool Checklist

Swimming Pool Requirements

- All swimming pools shall comply with the Standard Swimming Pool Code and the City of Crandall's codes/ordinances pertaining to same. The International Building Code describes a pool as the following: **3109.2 SWIMMING POOLS**. Any structure intended for swimming, recreational bathing or wading that contains water over **24 inches deep**. This includes in-ground, above ground, and on ground pools; hot tubs; spas; and fixed- in- place wading pools.(Yes this includes the "Blue Pools" From Wal-Mart and the like)
- All pools require a Barrier (Fence) at least 48 "in height with self closing and self latching gates, and some of doors in your home may need to be equipped with an audible alarm. (Reference Appendix G, 2003 International Residential Code).
- Check with the City of Crandall regarding current water restrictions.
- Setback requirements:
 - 5' from structure to water's edge
 - 5' from property line or easement to water's edge

Submittal Requirements

Permit Application with an original signature must be complete and submitted with the following information:

(2) Site Plans to include:

- _____ Legal Description (lot, block, subdivision)
- _____ Property lines and lot dimensions
- _____ Proposed location of pool and all existing buildings
- _____ All easements and overhead utilities
- _____ Stamped approval of utility company
- _____ Proposed pool enclosure
- _____ Equipment dimensions in reference to property lines

(2) Pool Design and Specifications

- _____ Must include all gas and electric devices, backflow prevention device, diving areas and size of diving board, ladders, depths of water, decking, and equipment drawings/diagrams.

- _____ Contractor Registration required for Pool Contractor, Electrician, and Plumber.

A building final will be done at pre-plaster. All fences, alarms, gates, concrete, and equipment must be in place prior to calling for your building final inspection.

Please contact Homeowner's Association for additional requirements from Deed Restrictions and Covenants.

Building Requirements

This document is not meant to modify any Federal or State laws or City Ordinances. It is intended to be informative and to be used as a guideline. Where circumstances of a particular job differ from these procedures, the decision of the Building Department will prevail.

Building Codes

All Federal, State and local requirements are applicable to projects constructed within the City's jurisdiction whether specifically listed herein or not. The City of Crandall, Texas, has adopted the following codes and/or standards regulating building construction.

2012 International Building Code
2012 International Residential Code
2012 International Fire Code; Option B
2012 International Plumbing Code
2012 International Mechanical Code
2012 International Energy Conservation Code
2011 National Electrical Code

Building Permit

Before a building permit will be issued, all plans and documents related to the permit application must be approved by the Building Department and all applicable fees paid to the City of Crandall.

All Contactors performing work within the City of Crandall's jurisdiction must be registered with the City and provide proof of commercial general liability insurance for claims of property damage or bodily injury.

Construction or building without a permit is subject to a fine.

You must contact DIGTESS at 1-800-344-8377 and the City Public Works Department at 972-427-3771 for utility line locates on any project that requires digging. (Fences, Swimming Pools, Additions, etc.)

Inspections

Building Inspections: Inspections received by 5:00 p.m. Monday – Friday will be performed the next business day. Inspections related to building construction must be called into Bureau Veritas at (877) 837-8775. Inspection requests can also be faxed to (877) 837-8859. When all inspections are completed, a final inspection shall be made prior to approving the permanent power release. The final inspection must be passed prior to occupancy of building. Permit packet must be on-site at time of inspection.

Fire Inspections: Inspections such as Fire Alarm and Fire Sprinkler, Fire Lanes, Commercial Fire Final, and any other fire related inspections must be requested through the Crandall VFD.

Public Works: Inspections for driveways, culverts, and all water and sewer related issues must be requested through the City Public Works Department at 972-427-3771 x0.

Construction Site

A temporary property address must be posted at the front of the lot and readable from the street. Permanent street numbers must be displayed before final inspection.

A portable sanitary restroom for your workers MUST be on your property until the final inspections are approved.

Construction dumpsters are available from IESI Waste Management Company by contacting them at 972-686-5665 or onsite built containment. Construction area shall be maintained until job completion.

NO construction material, debris, or sanitary restroom facility shall be placed or stored in the public right-of-way or drainage areas at any time.

Erosion control must be in place prior to the first inspection.

- (3) The house, building, or structure to be moved has deteriorated more than fifty percent (50%) of its original value by virtue of fire or by virtue of age or normal wear and tear or other elements.
- (4) The moving of such house, building, or structure upon or from the lot or tract of land would cause injury to persons or property or damage to the streets or other public improvements.
- (5) The applicant cannot ensure that he has the financial resources to bring the building up to city standards within ninety (90) days after completion of the move.

(b) If the city council shall grant the request to move such house, building, or structure, the city council shall cause a special permit to be issued authorizing the moving of such house, building, or structure upon or from the lot or tract of land under such conditions, requirements, or restrictions as the city council shall determine. All permits issued are valid for only six (6) months and are nontransferable.

(1982 Code, ch. 3, sec. 9(E))

Sec. 3.06.006 Issuance of certificate of occupancy and compliance

No person shall occupy such house, building or structure permitted to be moved until the city secretary issues the permittee a certificate of occupancy and compliance. No certificate of occupancy and compliance shall be issued until the house, building or structure complies with all conditions of the permit and all requirements of all applicable ordinances of the city. (1982 Code, ch. 3, sec. 9(F))

Sec. 3.06.007 Liability of city

Neither the city nor any authorized agent acting under the terms of this article shall be liable or have any liability by reason of orders issued or work done in compliance with the terms of this article. (1982 Code, ch. 3, sec. 9(G))

ARTICLE 3.07 SWIMMING POOLS

Division 1. Generally

Secs. 3.07.001–3.07.030 Reserved

Division 2. Enclosures*

Sec. 3.07.031 Definition

The term “swimming pool,” as used herein, shall mean a body of water in an artificial or semi-artificial receptacle or other container located outdoors, used or intended to be used for public, semipublic, or private swimming by adults or children, or both adults and children, operated and

* **State law references**–Swimming pool enclosures, V.T.C.A., Local Government Code, sec. 214.101 et seq.; pool yard enclosure for multiunit rental complex, property owners’ association, etc., V.T.C.A., Health and Safety Code, ch. 757.

maintained by any person, whether he be an owner, lessee, operator, licensee or concessionaire, and shall include swimming pools used or intended to be used solely by the owner or friends invited to use it without payment of any fee; provided, however, that the requirements of this division shall not apply to a swimming pool constructed, operated, and maintained in conjunction with a motel, hotel, or like business which operates on a twenty-four-hour per day basis and which provides such pool for the use of its tenants and their guests. (1982 Code, ch. 3, sec. 10(E))

Sec. 3.07.032 Enclosure required

Every outdoor swimming pool shall be completely surrounded by a fence which shall be a minimum of five feet (5') in height and a maximum of ten feet (10') in height and shall be so constructed as not to have openings, holes or gaps larger than four inches (4") in any dimension except for doors and gates, and if a picket fence is erected or maintained the horizontal spacing between pickets shall not exceed four inches (4"). A dwelling, house, or accessory building may be used as part of such enclosure. (1982 Code, ch. 3, sec. 10(A))

Sec. 3.07.033 Gates or doors

All gates or doors opening through such enclosure shall be equipped with a self-closing device for keeping the gate or door securely closed at all times when not in actual use, except that the door of any dwelling or accessory building which forms a part of the enclosure need not be so equipped. (1982 Code, ch. 3, sec. 10(B))

Sec. 3.07.034 Applicability

This requirement shall be applicable to all new swimming pools hereafter constructed, other than indoor pools, and shall apply to all existing pools which have a depth of twenty-four inches (24") or more of water at any point except for inflatable or portable tot pools. No person in possession of land within the city, whether as owner, purchaser, lessee, or tenant, upon which is situated a swimming pool having a depth of twenty-four inches (24") or more of water at any point shall fail to provide and maintain such a fence or wall as provided for in this division. (1982 Code, ch. 3, sec. 10(C))

Sec. 3.07.035 Modification of requirements

The city council may make modifications in individual cases, upon a showing of good cause, with respect to the height, nature or location of the fence, wall, gates or latches, or the necessity therefor, provided the protection as sought hereunder is not reduced thereby. The council may permit other protective devices or structures to be used so long as the degree of protection afforded by the substitute devices or structures is not less than the protection afforded by the fence, gates, and latch described herein. (1982 Code, ch. 3, sec. 10(D))
